Novartis continues to build healthcare talent ecosystem; announces BioCamp 2019

- *BioCamp engages students around scientific advances to address unmet medical needs and entrepreneurial opportunities*
- *Offers ~50 post-graduate students insights in to the pharmaceutical industry through direct interaction with experts*
- *Helps draw top talent to the healthcare industry*

Mumbai, July 17, 2019 – Novartis today announced the next edition of Novartis Biotechnology Leadership Camp (BioCamp) taking place in Hyderabad from October 13 to 16, 2019. Now in its 11th year, BioCamp has attracted top talent from across faculties to the healthcare industry thus contributing to the ecosystem.

“BioCamp provides top talent in the country the opportunity to understand trends, challenges and opportunities in the pharmaceutical industry. We believe these insights help them envision the role they can play in influencing the course of healthcare in the country through their career choices, while providing a talent pipeline to the industry,” says Sanjay Murdeshwar, Country President, Novartis in India.

BioCamp is part of the Novartis commitment to supporting the exchange of ideas and thoughts between young talent in science and business and the Company. It is designed to provide students with a platform to collaborate across faculties and interact with thought leaders who lead the company’s unique approach to address patients’ unmet medical needs. The program is open to postgraduate students and young researchers in natural sciences, medicine, biotechnology, bio-informatics, pharmacy, business administration, chartered accountancy or law (specialization in Intellectual Property Rights) interested in pursuing a career in the pharmaceutical industry. Interested students should visit <https://www.novartis.in/careers/biocamp> or email iocamp.india@novartis.com for more information.

Previous speakers include Dr. Alok Srivastava, Professor Hematology – CMC, Vellore; Arijit Sarker, Director, Google India; Prof. K. Srinath Reddy, President, Public Health Foundation of India (PHFI); Padma Shri Dr. A. S. Soin, Chief Hepatobiliary and Liver Transplant Surgeon; Kiran Mazumdar-Shaw, Chairperson & Managing Director, Biocon Limited, G. V. Prasad, CoChairman & CEO, Dr Reddy’s Laboratories Limited among others.

The jury will select three individual winners and one winning team based on their contribution, performance, leadership and teamwork. Novartis India has introduced around 500 top students to the pharmaceutical industry and entrepreneurship since launching BioCamp in 2009.

About BioCamp

Launched in 2004 in Taiwan, BioCamp has developed into a forum for science and business students from around the country to learn, exchange ideas and work together in a highly competitive business environment. BioCamp has been held annually in India since 2009. Students go through a rigorous judging process before they are selected to participate in the event. Around 50 students from diverse faculties including

pharmacology, biotechnology, life sciences, finance, biomedical engineering, genetics, business management and immunology participated last year. Institutes they came from in the past included the Indian Institutes of Technology, Kharagpur and Bombay; Indian School of Business, Hyderabad and Mohali;

XLRI, Jamshedpur; BITS Pilani; NMIMS, Mumbai; JIPMER, Pondicherry; St. Xavier's College, Mumbai; Indian Statistical Institute Kolkata; Bombay College of Pharmacy; Symbiosis Institute of Management, Pune; National Institute of Immunology, Delhi; St. John's Medical College, Bengaluru; Institute of Chemical Technology, Mumbai; Miranda House, Delhi; Kasturba Medical College, Manipal; Welingkar Institute of Management Development & Research among others.
