

Our Social Media Community Guidelines ^[1]

Facebook Community Guidelines

We welcome the opportunity to hear from you and would like to share some simple 'house rules' to help everybody get the best from the community.

[Read more](#) ^[2]

LinkedIn Community Guidelines

The following are our community guidelines which we ask you follow to ensure we provide the best experience for the followers of our company pages.

[Read More](#) ^[3]

Twitter Community Guidelines

We welcome the opportunity to hear from you via @mentions and replies, however, would like to remind you that we work in regulated industries with a unique legal situation in the healthcare space

[Read More](#) ^[4]

YouTube Community Guidelines

If you believe that you have experienced any medical side effects or reactions from a Novartis product, you should consult your physician, pharmacist or other healthcare professional immediately. You can also report these to us directly using the information found on [Novartis.com](https://www.novartis.com).

[Read More](#) ^[5]

Instagram Community Guidelines

We need to ensure discussions occurring on our Instagram page stay on topic and are constructive as we work in a very regulated environment
